## ABOUT ME

Motivated and self-driven developer seeking a junior-level role to utilize my skill set in JavaScript, HTML, CSS, and React. With extensive self-study and hands-on experience spanning over a year, I am eager to apply my knowledge and collaborate with a dynamic team, making meaningful contributions to the field of web development while continuing to grow as a professional. My strong background in teamwork from previous positions, combined with my technical skills, allows me to effectively contribute to collaborative projects and drive success in the industry.
